

INTERWASTE

**Enough plastic is
thrown away each
year to circle the
earth four times.**

That's a scary fact, but an essential one for every environmental warrior to know. Because when you don't know the facts, you never really understand the world of waste. As a member of the Interwaste family, you need to know the facts. That's why you have Mindfill. Use it.

KNOW WASTE?

Means yes to more understanding,
better decisions and smarter actions.

INTERWASTE

Mindfill is a comprehensive database to help you wise up on waste. It is a powerful tool to increase your understanding of the different types of waste and how they are sorted and processed. Knowledge is just a click away. Use it regularly – because the more you know, the more effective you are.

KNOW WASTE?

Means yes to more understanding,
better decisions and smarter actions.

The background of the entire poster is a dark blue field filled with numerous small, colorful dots in shades of yellow, orange, red, green, and light blue, scattered randomly to resemble stars or microplastics.

INTERWASTE

**There is more microplastic
in the ocean than there are
stars in the Milky Way.**

Think about that for a moment. It's a shocking fact, one that you need to know. Because every member of the Interwaste family is an environmental steward, knowledge about the world of waste and an understanding of its impact is crucial. That's why you have Mindfill. Use it.

**KNOW
WASTE?**

Means yes to more understanding,
better decisions and smarter actions.
